

Medisoft® Version 17 — The Confident Choice for Compliant Practice Management

Medisoft Version 17 (v17) is a proven, trusted and affordable practice management solution designed to simplify and streamline the way you run your practice.

Accomplish more in far less time. Spend more time on what matters most — patient care. Your improved productivity can lead to improved profitability.

Medisoft® v17 is fast and easy-to-use. It's the latest release of a system depended on by tens of thousands of physician practices. And it's brought to you by McKesson.

From scheduling and billing to complete revenue management capabilities, Medisoft v17 is the smart choice for your practice and your patients.

Medisoft v17:

- Improves productivity of the scheduling and billing staff
- Simplifies patient accounting
- Speeds insurance billing and improves reimbursement

- Improves collections and reduces accounts receivable
- Tracks practice performance efficiently and automatically
- Reduces the administrative burden on physicians so they can focus on patient care
- Provides a seamless path to EHR adoption

Prepare for the New Reality of Healthcare Finance

Beginning in January 2012, healthcare providers must submit electronic transactions to Medicare and other payors in the new ANSI X12 version 5010 standard. With the ANSI 5010-compliant Medisoft v17 release, your practice will be prepared once the new standards go into effect.

The screenshot shows the Medisoft Professional - Medical Group (Tutorial Data) interface. The main window displays a scheduling calendar for the year 2010, with columns for different providers and exam rooms. The calendar shows various appointment slots with provider names and times. A sidebar on the left provides detailed information for a patient named Dwight Aguin, including his home and cell phone numbers, appointment time (9:15 am), length (15 minutes), resource (Exam Room 2), chat ID (AGADW000), copay (\$20.00), and insurance details (MED01, AET00). The sidebar also shows the amount due, payment due dates, and the reason for the appointment (CHECKUP-Routine Check Up).

"We depend on Medisoft to help us ensure the accuracy of our claims, increase the productivity of our practice and free up time for improved patient care."

*- Judy L. Jones,
Family Nurse
Practitioner,
Waynesboro, Tenn.*

Seamless and Smart

Practice Management Workflow

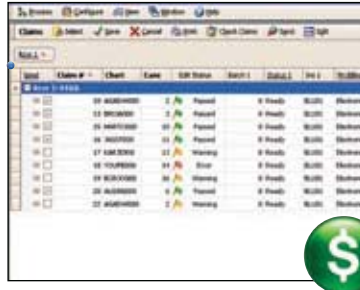

From the time your patient exams are scheduled, to the time you're paid for the care you provide, Medisoft v17 helps you manage your practice workflow — efficiently and affordably.

Scheduling

First impressions can make or break a referral or patient experience. Keep patient satisfaction high with a streamlined scheduling process that reflects your efficient practice. Setting appointments that meet the needs of your patients and practice is quick and simple thanks to the flexibility of the Medisoft Office Hours Professional scheduling solution.

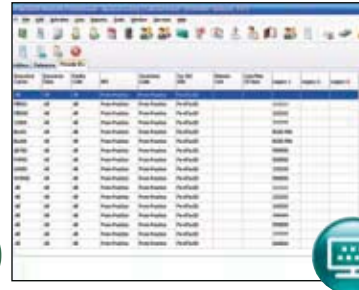

To learn more, contact your Value Added Reseller or visit us at www.medisoft.com.

Revenue Management

Ensure the accuracy of your claims before you submit them. Medisoft v17 allows you to verify patient eligibility and use pre-claim editing to review your filings for errors on the front end. You can dramatically reduce the number of returned claims that cost your practice time and money.

The revenue management solution translates and displays electronic remittance advice (ERA) in an intuitive window. The biller can efficiently review payment information, flag changes and post individual payments and adjustments.

Billing

Customizable rules-based grids allow you to generate claims that quickly and easily meet the filing requirements of different carriers. With that level of flexibility, your practice can manage virtually any claim submission. Medisoft v17 includes numerous enhancements to comply with the new ANSI 5010 standards.

Patient Statements

Patient statements are made easy with integration between Medisoft v17 and BillFlashSM from NexTrust. With BillFlash, you save time and money by uploading your patient statements directly from Medisoft. BillFlash will then print and mail your professional, patient-friendly statements. Learn more about the benefits of BillFlash at www.billflash.com.

"Medisoft is delivering a night and day difference in practice productivity. Paper and manual processes are eliminated. Electronic access to patient information is driving better patient care."
